Hoe werk die program?

- ❑ **Kids@Spelling** maak gebruik van **neurowetenskap** om tale: **konkreet, ouditief, visueel en kinesteties** aan te bied.
- ❑ Dit **waarborg 'n positiewe ervaring** by die leerder wat ons kanse op sukses vergroot.
- ❑ **Kritiese of analitiese denke** word van dag een af gebruik en die vraag **'hoekom'** word deurlopend geantwoord met 'n goue draad.
