---

This game can be played if the child is comfortable with the consonants.

Mom/teacher can pick up the cloud and read the word, the child repeat the word and say the short 'e' sound after you. Then there is no scoring.

Keep it to exercise the short 'e' sound after Module 2 and 3 and use it with scoring.

Each player gets a mark for reading the word correctly.

Or you can read the word and let the child find it.
